Everyone made new memories and new friends on the Mission Trip

Green Lake, Wisconsin

I call this youth group my second family. We laugh, we cry, and most of all we worship God together. It has kept me safe in times of trouble, taught me to trust in times of doubt, seek God in everything, cling to the Cross everyday. This group means the world to me and I wouldn't trade anything for the times I've spent with them. If you are not involved, get involved. The years have gone by too fast for me. Though I know God has bigger plans for me, I wish I had more time here. Take advantage of everything you can, you won't regret it !!
